Locks & Security

Auto-Fire Multi Point Lock

Standard

Heritage

Our doors feature high security Auto-Fire locking technology which removes the requirement of lifting the handle to engage the 20mm security deadbolts. This ensures our doors are easy to operate and only require the turning of the key or thumb-turn to lock the door and secure your home.

Optional Thumb Turn Euro-Cylinder

For easy operation we also offer the option of an internal thumb-turn cylinder to replace the key.

The Thumb Turn ensures exit from your home can be done quickly in the event of a fire without the requirement to find a key. However, unlike other Thumb Turn cylinders which go into permanent lockdown mode after an attempted break-in. Our Thumb Turn features a push button to disable the lockdown mode and ensures a quick and safe exit from your home

AI Secure Home Owner Guarantee

Our lock manufactures are so confident in their products and the strength of our composite doors they have combined their individual break-in guarantees. In the event of a burglar gaining entry to your home through failure of their products they will pay you, the homeowner

£5000

Standard Heritage

High Security Euro-Cylinder

The BSI 3 Star Kitemark, Sold Secure Diamond Standard Euro Cylinder offers maximum protection against all forced methods of attack ranging from snapping, drilling, plug-extraction, picking and bumping.

It's also engineered with a sacrificial point. When tampered with externally sets an interlocking cam mechanism into action and goes into lockdown mode.

ANTI-SNAP

PLUG EXTRACTION PROTECTION

ANTI-PICK

ANTI-BUMP

ANTI-DRILL

ANTI-SAW

Complete with 5 keys

Everyone of our doors comes complete with 5 keys and the 10-year warranty registration card as standard.

Follow the registration instructions to activate your warranty guarantee and order extra keys as required.

Deluxe Hardware

Bar Handles & Accessory Range

Secured By Design

All of our doors are manufactured using high security locks as standard and have been tested to PAS024 :2022.

Secured by Design

Official Police Security Initiative

With a few simple additions such as laminated glass, TS003 door chain, a spy hole and a TS008 letterplate cowl they can then achieve Secured by Design; which is the police preferred specification.

Visit their website for more information.

Door Edge-band Colours

We believe the quality of our doors should never be compromised

All of our doors are finished on all 4 sides by a colour co-ordinating or grained edge-band to ensure the appearance of your door is maintained, even when the door is open.

This aesthetically pleasing finish to your door is also 100% moisture resistant and will ensure your door retains its appearance and finish.

White grained edge-band comes as standard but where doors are open out or coloured internally this will be changed to the most sympathetic colour match possible.
